

New Horizon Council For Innovation Incubation and Entrepreneurship

REPORT ON INTERNAL SMART INDIA HORIZON-2026

1. Event Details

Particulars	Details
Event	Internal Smart India Horizon-2026
Date:	10th September 2026
Venue:	Video Conference Room, Idea Lab, and Incubation Conference Room
Activity:	Students' Idea Presentation Session
Number of Student Participants:	1026

2. Introduction

New Horizon College of Engineering organised the Internal Smart India Horizon-2026 on 10th September 2026. The event provided students with a platform to present their innovative ideas and solutions. The event was conducted at various venues in the campus, including the Video Conference Room, Idea Lab, and Incubation Conference Room, with students participating in the idea presentation sessions.

The programme aimed to encourage students to identify real-world problems, develop innovative solutions, and present their ideas before a panel of internal and external jury members. The jury members evaluated the students' ideas based on various parameters, including innovation, problem identification, feasibility, technical approach, social impact, and overall presentation.

3. Students' Idea Presentation

During the event, participating students presented their innovative ideas and proposed solutions before the jury members. The presentations provided students

with an opportunity to demonstrate their technical knowledge, creativity, problem-solving abilities, and entrepreneurial thinking.

The jury members interacted with the students and provided valuable feedback and suggestions to improve their ideas and proposed solutions. The interaction also helped students understand the practical aspects of developing innovative and technology-based solutions.

4. Jury Members

The event was evaluated by a panel comprising internal and external jury members:

Sl. No.	Name of Jury Member	Designation
1	Mr. Kiran M.	Senior Software Engineer, Xfactor QI (Schneider Electric)
2	Mr. Karthikeyan Velayuthan Krishnaswamy	Senior Manager, Capgemini
3	Mr. Deepak M. Kurubar	Flight System Designer, Airbus
4	Mr. Mithun T. V.	Co-Founder and COO, VBIG Engineering and Technology
5	Mr. Krishna Kumar K. N.	Senior Mechanical Engineer, Trone Technologies
6	Dr. Sanjeev P. Kaulgud	Associate Professor, AIML
7	Dr. A. B. Gurulakshmi	Professor and Associate Head – Quality Assurance
8	Dr. Rajasree R. S.	Senior Assistant Professor, AIML
9	Dr. Nirmala	Professor, CSE

5. Outcome of the Event

The Internal Smart India Horizon - 2026 provided a valuable platform for students to showcase their innovative ideas and receive expert feedback from experienced internal and external jury members.

The interaction with the jury members helped students understand the practical aspects of developing, refining, and presenting technology-based solutions. The event also encouraged students to enhance their innovation, creativity, teamwork, problem-solving, technical, and presentation skills.

The feedback and suggestions provided by the jury members would help students refine their ideas and guide them to work towards developing ideas into practical, and impactful solutions.

6. Conclusion

The Internal Smart India Horizon-2026 was successfully conducted on 10th September 2026, with active participation from 1026 students and valuable support from the internal and external jury members.

The event contributed significantly to fostering an innovation-driven culture among students and encouraged them to identify real-world challenges and develop innovative solutions. The valuable guidance and feedback provided by the jury members greatly enriched the students' ideas, presentation-sessions, and contributed to the overall success of the programme.
